It’s important to service your boiler every year. This will help identify any issues and safety concerns, plus ensure that your boiler is running as efficiently as possible. If you have a new boiler an annual service will be required to maintain your warranty.

It can be a real hassle remembering when your boiler needs servicing, or who serviced it last year. PlusHeat’s annual boiler service plan takes that hassle away. Simply call us around the time of your annual service and we’ll schedule a date/time that suits you. Simple monthly payments make it easy on your budget too.
